A Message from the Founder

On behalf of L & M Tours, I, Qua Liang, extend my heartfelt thanks to all our clients for their trust and support over the past twenty-six years, which have been instrumental in the success of our business.

My journey in the American and Canadian tourism industry has provided me with invaluable insights into the cultural differences between the East and West. These experiences have deepened my understanding of how these differences shape the lives and learning experiences of the Chinese community. Inspired by this, I saw an opportunity to use my knowledge to help members of our immigrant-based community integrate American culture into their daily lives.

Together with my wife, we founded the **United Cultural Association (UCA)**, a 501(c)(3) nonprofit organization. UCA is committed to offering a variety of activities for immigrants, particularly school-aged children and seniors, to support their early and successful integration into American life.
