

May 5, 2021

Dear Valued Travelers,

We Are Back! Are You Ready To Travel?

In 2020, we all became restless at home, with time to fantasize about our next adventures. Now that 2021 is here, let's bring our adventures to life!

We have planned a list of day and overnight trips for the Spring & Summer. More trips will be available in August for Fall and Winter 2021 as well as Spring 2022. Safety and comfort for everyone is always our top priority. We will follow all government rules and regulations for the current situation.

Enclosed is the current brochure for the upcoming trips. If your friends would like to receive a copy by email, please send their email addresses to us and we will forward a copy to them. We will not be mailing brochures at this time. Please know and understand that all itineraries are subject to change. If any trips need to be changed, we will notify you directly. You can make reservations by calling our office, send an email, or mail the reservations to us.

If you have any suggestions, please share them with us. We always appreciate your continued support.

Looking forward to travelling with you again on the bus!

Sincerely,

L & M Tours
